

Busline lighting installation price

Overview

Average: roughly \$40,000–\$60,000 including design, permits, and installation crews. Per-unit ranges show a wide spread depending on the. The track lighting electrician cost will depend on several factors: Electrician's Hourly Rate: Varies significantly by location and the electrician's experience/licensing. Typical Range: \$75 – \$200+ per hour. Complexity of the Installation: Simple replacement vs. new wiring, ceiling type, and. Bus wash zones usually sit around 150 to 200 lux, and storage or parking spaces can be as low as 30 to 50 lux. To put that into perspective, 30 lux is similar to twilight or an old-school streetlamp—good enough for navigating but not for delicate work. Grid LED has lower day-one cost but needs cables and pays energy each month. Terrain and distance decide. Get an instant, vendor-neutral estimate of Track Lighting options and costs in your zip code. Our cost guide has been updated for 2026 to reflect current fair market wages and material option costs for Track Lighting.
