

Installation Price of New Household Distribution Box

Overview

New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity. The cost of a new panel box depends on the box size, meter/branch requirements, enclosure type, and labor for installation. This article breaks down typical price ranges and driving factors to help homeowners and contractors budget effectively. The distribution box cost encompasses not only the initial purchase. If you are standing in a half-finished warehouse or staring at a flickering panel in a residential complex, you've probably asked yourself: how much is a distribution box anyway?

It is the silent heart of any building, pumping electricity to every corner, yet we only think about it when the lights. Homeowners typically see a wide range when budgeting for a new electrical box, driven by panel size, age, and local permitting.
