

Installation price of buried cable trays

Overview

Basic cable tray systems cost \$3-15 per foot depending on type and material Installation labor adds \$5-8 per foot to total project costs Ladder trays typically cost 20-30% less than solid bottom systems Bulk orders of 1000+ feet can reduce unit pricing by 15-25% Regional variations. Basic cable tray systems cost \$3-15 per foot depending on type and material Installation labor adds \$5-8 per foot to total project costs Ladder trays typically cost 20-30% less than solid bottom systems Bulk orders of 1000+ feet can reduce unit pricing by 15-25% Regional variations. Steel trays typically cost between \$5 to \$25 per meter. They are strong, durable, and widely available, making them ideal for general-purpose electrical installations in residential, commercial, and industrial settings. During my time working on construction sites, I have observed the amount of time that goes to waste in an attempt to insert a heavy piece of wire through a pipe with a bend in it. □□ Material Cost: Initial cable tray price per foot is usually lower than conduit.
