

Metal cable trays for pipes

Overview

These are the most corrosion-resistant tray systems we offer for routing cable and hose in configurations such as curves, slopes, and tees. Cut, bend, and connect the wire mesh trays. They are a lightweight option for organizing bundles of cable and hose while keeping them. Steel cable trays offer a practical and durable solution for cable management in industrial and commercial applications. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. We also. Industrial cable management, enhanced by our UK-manufactured cable trays, delivers optimised safety, maximised efficiency, and increased productivity within your industrial operations. Fast installation - Reduce installation costs with quick and efficient.
