

NEMA4X Aluminum Alloy Cable Management Frame for Metropolitan Area Networks

Overview

2 Post Aluminum Extruded Frame with Heavy Duty Steel Base L Angled Plate. 100% assured compatibility with all equipment conforming to DIN 41494 General industrial standard for equipment's. Standard configuration will be 6", 8" 12" & 15" with unique double hinged door on Front & . Choose from our selection of NEMA 4X enclosures, including over 6,800 products in a wide range of styles and sizes. With it's introduction in 1994, the Mighty Mo® line of cable management racks has been the benchmark open-frame rack in the industry, providing a solid foundation for the rest of our cable management products. Explore how Legrand can simplify your cable management challenges. Discover the newest. Economical 5052 H32 aluminum electrical enclosures are excellent in a variety of industrial applications such as; solar battery storage, telecommunication cabinets, lift stations, traffic control equipment, and water and wastewater treatment applications. Nema Enclosures, a leading aluminum. ABB saves time and labor with its comprehensive lines of metal framing and cable tray, including the industry's only 100% plated products, our 1 1/2" modular system, and hundreds of accessories to complete any job. Constructed of formed aluminum, the 1418 N4 AL series offers NEMA Type 4, 4X, 12 and 13 protection. FlexFusion™ Cabinets XG offer a unique universal platform.
