

PB30 distribution box dimensions

Overview

The steel enclosure measures 6 inches in height, 4 inches in width, and 2. This compact footprint allows mounting in locations where space is limited while providing adequate internal volume for wire connections and proper conductor bending radius. Read reviews for Reliance PB30 7,500-Watt 120/240-Volt 30-Amp Non-Metallic Power Inlet Box Features Model: PB30 Model Description: Power Inlet Box Max. Generator Running Watts: 7500 Max. 63 Cabinet Type, NEMA: Outdoor, NEMA 3R. Size: 6. The power inlet box may be installed outdoors in an open area where the generator is being.
